BID SPECIFICATIONS LENTRY® PORTABLE LIGHT SYSTEM Model 1SPECS-C

1. LENTRY® LIGHT Model 1SPECS-C incorporates one all-terrain three-legged Lentry Frame (US patent D684,309), one Honda® EU-series generator, one telescoping pole, one high output light, and one case in which to store the light and pole.
2. LENTRY UNIT shall stand, with legs and pole fully extended, over 3.5 feet tall.
3. LENTRY UNIT shall have three independently adjustable, outward curving, powder-coated legs made of solid aluminum, which:
 - Allow the unit to rise eleven inches above the ground in order for the generator to be level and raised above sand, snow, and water;
 - Allow the unit to be placed on stairs or uneven ground;
 - Allow the unit to straddle ground debris; and
 - Protect the generator and keep it up off the ground, even when retracted.
4. LENTRY UNIT shall include one LENTRY V-Spec LED light head which shall:
 - Produce 28,000 lumens of lights and use only 336 watts of power;
 - Be equipped with Quick Release hardware to allow fast and easy separation (and reconnection) of the light from the telescoping pole;
 - Weigh less than 11 lbs. and measure 14.75 inches high x 14.5 inches wide x 3.5 inches deep; and
 - Be able, without repositioning the generator, to tip far forward and back to aim at the ground or sky, and rotate more than 360 degrees for side-to-side aiming.
5. LENTRY UNIT's telescoping pole, identified as Standard height, shall:
 - Be detachable from the generator portion of the system by turning a knob on the frame;
 - Retract (shorten) to 15.25 inches and extend (lengthen) to 25.75 inches (not including the light head); and
 - Have a twist-lock mechanism allowing the pole to be locked at any length in between the retracted and extended lengths.
6. LENTRY UNIT's power supply shall be a gasoline powered generator with inverter technology for fuel efficiency, super-quiet operation, and computer-safe power. The generator shall:
 - Have a rated wattage of 900W (7.5A) and maximum wattage of 1000W (8.3A);
 - Power a 336 watt light for 6.5 hours on a 0.6-gallon tank of gas;
 - Feature 15A 125V duplex receptacles, NEMA plug 5-15P; and
 - Not exceed 50 dB(A) at rated load and 42 dB(A) at ¼ load.

LENTRY PORTABLE
LIGHT SYSTEM
Model 1SPECS-C
(Case not shown.)

1SPECS-C includes
this Case, which holds
the light head and
pole.

-
7. LENTRY UNIT shall include one injection molded plastic LENTRY® V-Spec Series Case C2318 to hold and protect the light head. Case shall:
 - Be made in the USA of extreme-duty polypropylene copolymer resin;
 - Measure 18 x 22.5 x 8.5 inches;
 - Meet military standards for protection against air, water, theft and impacts (MIL-STD-810G);
 - Have polyethylene closed-cell inner foam cut exactly to fit the V-Spec LED light head and telescoping pole, which will not disintegrate with sun or water and will protect and cushion the light and provide extra energy/shock absorption;
 - Be submersible, water-tight, and dust-proof; and
 - Feature two-step latches, multiple points for padlocks, and multiple recessed handles.
 8. LENTRY UNIT, without the light or pole attached and not including the case, shall be capable of fitting in a 21 inches high x 14.5 inches wide x 26.5 inches deep compartment and weigh less than 41 lbs., not including fuel and oil.
 9. LENTRY UNIT shall be covered by warranties of:
 - 1 year on the generator;
 - 5 years on the light head;
 - Lifetime on the case; and
 - 5 years on other components, workmanship, and materials.
 10. LENTRY UNIT shall be available with the optional Digital Tiny Tach™ combination tachometer and hour meter, which tracks RPM and total hours.
