

SEE AND BE SEEN

The 2-Headed XT LED

Model 2TWSPX-C34 & 2TWSPX-C50

Typically called the **2-Headed V-Spec LED**, this all-terrain LENTRY® PORTABLE LIGHTING SYSTEM from Ventry Solutions, Inc. is extremely bright, lights large areas regardless of the scene, site, or season, and includes one of two military-grade cases.

LIGHT

- 28,000 lumens each; 56,000 lumens total
- Instant on / Instant off
- Maintenance free; solid state electronics
- Rated for 50,000 hours
- Low operating temperatures
- Separate on/off switches

LENTRY LEGS

- Independantly adjustable legs allow you to put the system where you need it, not where the terrain warrants.
- Legs are curved and extend outward, providing a large footprint for stable, solid operation on steep hills, snow, and brush.
- Legs retract and protect the generator during transport and storage.

POWER

- Honda EU2200i Super-quiet series
- 1800W rated / 2200W max
- Computer safe power

MILITARY-GRADE CASE

- Meets strict US Military standards for protection against air, water, and impact.
- Case C3422 (model 2TWSPX-C34) stores the 2-Headed V-Spec light head only.
- Case C5022 (model 2TWSPX-C50) stores the 2-Headed V-Spec light head and XT-height pole.

LENTRY LIGHTING SYSTEMS are a patented safety tool manufactured by Ventry Solutions, Inc. VSI is a family- and firefighter-owned and operated company in Idaho, USA.

As shown at left, this model stands 8–9 ft tall with its legs and light fully extended.

As shown at right, the light and pole easily detach.

This model features the new EU2200i generator (the older 2000W generator is still shown in photos).
