

LENTRY® Light Accessories

LENTRY LIGHT TRUCK MOUNT

Shown at right. The Truck-Mount hardware holds the telescoping pole and light firmly to a wall, cabinet door, or side of a truck. If an outlet is nearby, the light can then be run while held in the Truck Mount hardware, expanding the functionality and versatility of your portable LENTRY LIGHTING SYSTEM by allowing use of the light while disconnected from the rest of the unit. Works with any LENTRY LIGHT, no matter its height. Part No. PLTMA

TACHOMETER / HOUR METER

Shown above. This digital meter is installed on the generator and shows total hours and RPM. It is helpful for diagnostics and maintenance. Part No. T-1031

V-SPEC CASES

Shown below. Heavy-duty, military-grade cases are available with LENTRY SYSTEMS that consist of a V-Spec LED or 2-Headed V-Spec LED light. These specialty cases protect and preserve the LEDs against air, water, and theft. They are dent, impact, shatter, and shock resistant, even at low temperatures where other cases would be brittle and crack upon impact. Custom-cut interior polyethylene closed-cell foam cushions and holds the LEDs securely. Made in the USA. Lifetime guarantee. Available in three sizes.

C2318

Holds a single V-Spec LED & standard height

C3422

Holds two single V-Specs or one 2-Headed V-Spec LED (no poles).

C5022

Holds two single V-Specs or one 2-Headed V-Spec *plus* 1-2 XT-height poles.

RECEIVER HITCH POLE MOUNT

Shown at right. Expand the versatility and functionality of any all-terrain LENTRY LIGHT with the Receiver Hitch Pole Mount. Fits standard 2-inch receivers, extends less than 6 inches beyond, and holds any LENTRY LIGHT telescoping pole. Manufactured with high-quality, USA-sourced materials and features heavy-duty powder coated steel with a hammer texture, for extreme durability to last a lifetime. Part No. RHPM2

EXTRA LIGHT BULBS

750W Halogen bulbs are used in Optup halogen LENTRY LIGHTS. They are interchangeable with the 650W bulbs used prior to 2015. Output 19,600 lumens. Part No. BULB750

CARRYING STRAP

Over-the-shoulder carrying strap, hand-made of strong nylon for easy one-person transport of LENTRY LIGHT models consisting of a 1000W generator only (model numbers beginning with "1"). Part No. L-1003

WHEEL & HANDLE KIT

Shown below. Allows for one person to easily transport the frame/generator portion of any LENTRY SYSTEM consisting of a 2000W/2200W generator (model numbers beginning with "2"). Includes a long handle that moves straight up and down. Tip toward you to roll. Pull a release and the handle may be lowered back down out of the way when not needed. Part No. L-WH2200
