

CAMO LENTRY® LIGHT SYSTEM

See *without* Being Seen!

Manufactured in the USA by all-terrain safety equipment manufacturer Ventry Solutions, Inc., this portable CAMO LENTRY LIGHT SYSTEM is for military customers and those who approach safety strategically.

FEATURES & BENEFITS

- V-Spec LED
 - Combination of flood- and spot-lighting
 - Output similar to natural sunlight
 - Instant on / instant off
 - Low operating temperatures
 - Rated for 50,000 hours
 - Light head connects to either pole in seconds
- Comes with two telescoping poles, one standard height and one extra tall "XT" height
- Height ranges from 20 inches (legs & standard pole retracted) to 9 feet tall (legs and XT pole extended)
- Independently adjustable, all-terrain legs
- With the V-Spec LED on, 1464W is available for running other equipment
- Similar in function and performance to tow-behind light trailers, without their logistical challenges and delays
- Easy carry, setup and tear down
 - Less than 60-seconds deployment time
 - Less than 60-seconds breakdown time
 - No cool down time needed
 - One-person carry
- Military-grade case
 - Meets US Military standards for protection against air, water, and impact
 - Holds the V-Spec LED light head and standard pole
 - Foam interior will not disintegrate with sun or water.

SPECIFICATIONS

| | |
|------------------------------------|--|
| Model Number | 2SPECX+S-C23-CMO |
| Patent | US D684,309 |
| Generator | Honda EU2200i Camo |
| Output AC | 120V 2200W max. (18.3A) 1800W rated (15A) |
| Generator Output DC | 12V 100W (8.3A) |
| Receptacles | 20A 125V Duplex, NEMA 5-20P |
| Fuel Capacity | 0.95 gallons (3.8 quarts) |
| Light Head | V-Spec LED |
| Light Input | 120V 336W (2.8A) |
| Light Output | 28,000 lumens |
| Run Time per Tankful (approximate) | 3.2 hours @ rated load (1800W) 8.3 hours with V-Spec LED on |
| Dimensions (L x W x H) | |
| Generator and Frame | 27.5 x 15 x 21 inches, retracted |
| V-Spec LED Light Head | 14.5 x 3.5 x 15 inches |
| XT Height Pole | 44 inches, retracted |
| Standard Height Pole | 15.5 inches, retracted |
| Case | 22.5 x 8.5 x 18 inches |
| Weights | |
| Generator and Legs | 59 lbs, dry up to 66 lbs with fuel and oil |
| V-Spec LED Light Head | 10 lbs |
| Poles | 4.5 lbs, Extra Tall "XT" pole 2 lbs, Standard pole |
| Case | 11.5 lbs (empty) |
| Warranties | |
| Generator | 3 years |
| V-Spec LED Light Head | 5 years |
| Case | Lifetime |
| All Other Components | 5 years workmanship & materials and Lifetime Factory Support |
