

NOTICE of CHANGE

Models of **ALL-TERRAIN LENTRY® PORTABLE LIGHT SYSTEMS** which were originally 2000 watts and featured the Honda *EU2000i* generator now have the *EU2200i* generator and have increased to 2200 watts; this results in 10% more computer-safe available power than before. **LENTRY LIGHTS** that were formerly rated 2000W max and 1600W continuous will now be **2200W (18.3A) max and 1800W (15A) continuous**.

- All Models still shown in photos with the 2000W generator now have the EU2200i.
- Only **LENTRY LIGHT** models which begin with “2-” have changed. (Examples: 2SPECS, 2STARXX, 2WIDEX, etc.)
- Prices were not affected.
- No other components, including LEDs and halogens, changed.
- 1000-watt **LENTRY LIGHTS** are not affected (those with model numbers “1-”).
- Specifications have been updated on **ventry.com** and in sales literature; however, in case any were missed, the chart below can be used to confirm.

	EU2200i (NEW!)	EU2000i (Discontinued)
